\$ _____

This gift is made in [Honor / Memory] of:
a [person / dog / cat / other _____]

Please notify the recipient listed at right.

Recipient:

Total: \$ _____

Thank you so much for your support. We rely heavily on people just like you for our organizations funding. We do not receive any government grants, and your donation is tax-deductible! Unfortunately, we receive very few donations throughout the year. PLEASE consider helping us this year. Anything and everything counts!

Our small group works extremely hard to save so many lives. This year alone we have successfully saved a substantial amount of dogs from high kill shelters in the US. We are not able to do so without your continued support! We are constantly finding ways to improve our rescue. Here are a few areas that need funding: vet care, medicine, toys, cleaning supplies, vaccines, donations to shelters we pull from, spay/neuter, and further licensing in various states to help us grow! If you would like to make your donation towards a certain cause, please let us know.

Securing sufficient and steady funding is our biggest challenge. As a 501(c)(3) non-profit organization, we are desperately in need of your generous donations!

All funds donated to East Coast Adoption Agency are tax-deductible, go directly to the animals and support our goals of getting these unfortunate animals in good health, spayed and neutered (when possible), and securing them better living environments until they are adopted.

All donations go directly to the animals' care and help provide food, shelter and medical treatment.
